INTRODUCTION
After a brief introduction to the region, you can find valuable planning tools such as information on Travel/Tourism and Visitor Centres and the ever-so-important Map Legend.

TOPOGRAPHIC MAPS
Containing the core foundation of our Mapbooks, this section begins with a regional map key and leads into our nationally-acclaimed topographic maps, with hundreds of thousands of kilometers of backroads, backcountry trails and points of interest.

INCLUDES LARGE SCALE MAPS OF PROVINCIAL & NATIONAL PARKS
The latest editions of our Backroad Mapbook series provide you with even more detail to help you explore all the exciting points of interest Canada’s provincial and national parks have to offer. Our large-scale maps help you zoom into lakes, campsites, hiking and ski trails, huts, historic and scenic viewpoints, and much more.

SERVICE DIRECTORY
Another essential trip planning resource, the Service directory allows you to find details on some of the best Accommodations, Sales/Services and Tours/Guides in the area.

ADVENTURES
Exclusive to Backroad Mapbooks, this section is filled with adventure write-ups, put together by our team of outdoor researchers and with the help of local residents & communities. From backroad attractions to fishing hotspots and winter adventures, you have access to the most comprehensive backcountry planning tool available on the market.

COMMUNITY PROFILES
This section features detailed overviews and photos provided by the locals themselves, giving you insight into major towns and cities within the region along with the best that each community has to offer for backroad explorers.

MAP & ADVENTURES INDEXES
A full map and adventures index of the guide’s contents is included with page numbers and map coordinates for easy reference.

TRIP PLANNING
Everything you need to know before heading into the outdoors, including important contact information for general services, parks, wildlife, club & association contacts, distance chart, alongside a list of advertisers featured in the mapbook. We also have included handy pages for making general notes or reservations.

“Backroad Mapbooks is simply a stunning company. They have a series of very detailed mapbooks that provide hunting, camping, hiking trails, snowmobile and ATV trails, wildlife viewing, fishing, and boating. They have the books, then they have the GPS products for handy use when you’re hiking, and they also have waterproof maps for those who are boating and need to have the resources! No matter where in the country you look at traveling, they have something for everyone!”

“Thanks for the great products guys!
The addition of the oil & gas points and pipelines has proven invaluable to my drivers and those that work in the field. Of course, we also use the books and GPS maps to find those hidden fishing and hunting holes!”

“The maps are easy to search and provide great detail about snowmobile trails, dirt roads, and road allowances. There is also information on fishing, paddling, parks, trails and wildlife. This mapbook is a dual sport/backroad bomber riders dream planner.”

Dallas Shannon – Dirt-Bike Magazine
INTRODUCTION
The introduction contains valuable planning tools such as information on the region and its species and a handy legend.

TIPS & TECHNIQUES
We let the customer in on local tips and fishing techniques to optimize their fishing experience. This section includes information on fishing methods, flies, lures, and more.

FISHING REGULATIONS & RESORT LISTINGS
A new section details regional regulations and exceptions, including salmon fishing regulations, to keep the angler informed before heading out. We also list BC Fishing Resorts & Outfitters, with locations and amenities.

FISH SPECIES
This section breaks down all of the region's fish species, with useful information and pictures to help find, identify and catch each type of fish.

LAKE CHARTS & RIVER MAPS
Our industry-leading lake charts and river maps detail a vast number of fishing lakes in the region, with bathymetric (depth) lake charts, river hotspots, access information, and more.

INDEX
A full index of the guide's contents is included with page numbers for easy reference. Other tools included are Important Numbers and an Advertiser List.

OTHER KEY FEATURES...
Created to take the guesswork out of fishing, our bathymetric (depth) charts and river maps help you understand any lake or river, so you know exactly where to cast your line.

• River & Stream Maps – Show hot spots, access points and surrounding road and recreation features
• Directions & Access – Directions and area indicators are included for each lake, river or stream
• Facility Information – Boat launches, camping or resorts, and nearby communities detailed
• Stocking Information – For each stocked lake, river or stream
• Physical Attributes/Lake Definitions – Includes proximity to nearest centre, lake elevation, size of lake or length of river or stream, mean and maximum lake depth, and waypoint or geographic location of the waterbody
• Co-operation – Updated regularly and developed in cooperation with local agencies (government, parks, fisheries, forestry and tourism organizations, local municipalities, non-profit outdoor groups and clubs, consumers and more) to ensure accuracy

To our Dealers and Distributors,

Backroad Mapbooks is proud to be Canada’s leading outdoor recreation map and guidebook supplier for the last 25 years. We could not be this without the amazing support of all our retailers and distributors!

Since 1993, Backroad Mapbooks’ mission has been to provide outdoor recreationists with the most up-to-date and detailed maps and information available on the market. This has been accomplished through a growing product line that now includes the Backroad Mapbook, Fishing Mapbook, Waterproof Map, TOPO Map Series, and GPS Map series. As a reseller of our products, you are an important partner in this mission.

This year you will notice new Backroad Mapbook titles for Alberta, BC and Ontario. All books are being expanded with new features and many great improvements and updates. And after many years of keeping the same price, we are finally raising prices. Similarly, our GPS maps will be moving into the 2019 version. As always, the sheer volume of additions and updates going into those maps is astounding.

Retailers out west will notice that we continue to expand and refine our waterproof map series thanks to our partnership with Recreation Sites and Trails in BC. We would love to do the same in other provinces, so if you know of an organization looking for a high quality map of popular recreation areas, please let us know. Of course, our Backroad TOPO Map Series continues to grow, and we now boast over 1,500 TOPO Maps across the country. If you haven’t tried them yet in your store, now is the time!

BRMB continues to offer the broadest selection of outdoor recreation maps and guides for the Canadian market. No other publisher offers coast-to-coast coverage with as many recreation-focused titles. We also proudly offer a great merchandising program for retailers and distributors.

Thank you for your continued support and for helping us inspire people to enjoy the outdoors.
